

CONSTRUCTION PROJECT SITE UPDATE

Last Updated: Monday, April 12, 2010

Project Name: Alisos Street Access Ramps

Contact Information:

City Project Manager: Tim Gaasch, Supervising Engineer

Phone: (805) 897-2502

E-mail: TGaasch@SantaBarbaraCA.gov

Contractor: Talcal Engineering, Inc.

Phone: (818) 888-5840

Project Description:

The project consists of installing sidewalk access ramps at 6 intersections of Alisos Street, spanning from Carpinteria Street to Ortega Street. The completed project will enhance accessibility along this route of travel in conformance with the Americans with Disabilities Act (ADA).

The work will be completed at the intersection of Alisos Street at Ortega Street (2 ramps), Alphonse Street (2 ramps), Haley Street (4 ramps), Neil Park Street (2 ramps), Yanonali Street (3 ramps), and Mason Street (3 ramps).

Public Outreach

The Public Works department has continued to step up and inform the public of ongoing projects. Information on this project will be sent out to adjacent properties prior to construction. During the design of the project, City staff worked closely with private and City utilities to make sure their work is completed prior to our significant road restoration work.

Construction for this project will begin in April and will continue through to the end of May 2010.
